- Sheave Diameter: 20mm
- Length: 47.6mm
- Width: 25mm
- Max Line Diameter: 6mm
- Breaking Load: 500Kg
- Weight: 29.4g

**Details:** The A2022P is a plain bearing version of our A2022 dynamic double block. The A2022P is made using 100% recycled plastics and the well-known Allen Ultra-Strap. Ideal for use in elastic take up systems or applications where dynamic performance is not vital. This block looks very similar to the 20mm dynamic version. To differentiate we have changed the sheave colour to grey.
