Details: The A2023P is a plain bearing version of our A2023 dynamic double with becket block. The A2023P is made using 100% recycled plastics and the well-known Allen Ultra-Strap. Also featuring a rope friendly becket the A2023P is Ideal for elastic take up systems. This block looks very similar to the 20mm dynamic version. To differentiate we have changed the sheave colour to grey.
