

# A2030PLZ

- Product Description: Stand Up Plain Bearing Block
- Sheave Diameter: 30mm
- Length: 59mm
- Hole Centres: 32.8mm
- Max Line Diameter: 8mm
- Breaking Load: 500Kg
- Weight: 27.2g

**Details:** The A2030PLZ is created using a standard A2030P plain bearing block attached to a A4073 lacing eye with a A4034 conical spring to hold the block upright . The A2030P is manufactured using 100% recycled plastics and our patented Ultra-Strap. Ideal for applications which do not require a dynamic performance. This block looks very similar to the 30mm dynamic version. To differentiate we have changed the sheave colour to grey.
