- Sheave Diameter: 30mm
- Length: 66.3mm
- Shackle Pin: 4mm
- Max Line Diameter: 8mm
- Breaking Load: 450Kg
- Weight: 33g

Details: The A2030PSC plain bearing swivel block is manufactured using 100% recycled plastics and our recognisable stainless steel side cheeks. The swivel on the head of the block allows the block to rotate to which ever angle is best for the sheet. Ideal for elastic take up systems. This block looks very similar to the 30mm dynamic version. To differentiate we have changed the sheave colour to grey.
