- **Length:** 46.6mm
- **Max Line Diameter:** 8mm
- **Breaking Load:** 750Kg
- **Shackle Pin:** 4mm
- **Weight:** 25g

**Details:** The A2031P is a plain bearing version of our A2031 dynamic block. The A2031P is made using 100% recycled plastics and the well-known Allen Ultra-Strap. This block also features the multi function head, allowing a better fit for small shackles or clevis pins. This block looks very similar to the 30mm dynamic version. To differentiate we have changed the sheave colour to grey.
