- Sheave Diameter: 30mm
- Length: 64mm
- Width: 33.2mm
- Max Line Diameter: 8mm
- Breaking Load: 1250Kg
- Weight: 66g

Details: The A2032P is a plain bearing version of our A2032 dynamic cheek block. The A2032P is made using 100% recycled plastics and the well-known Allen Ultra-Strap. Ideal for elastic take up systems. This block looks very similar to the 30mm dynamic version. To differentiate we have changed the sheave colour to grey.
