

FORESPAR[®]

MARELON[®]

SCOOP STRAINERS

These high strength, high-speed, strainers are also made of non-corrosive **Marelon[®]**. Two piece construction allows for greater ease in installation. Screens only can be epoxied to the hull to eliminate additional holes in the gel-coat. Scoop screens can also be used over other thru-hulls (flush head styles are best) whenever a force feed is required. Available in 3/4" (19.05mm) and 1-1/4" (31.75mm) tread sizes.

Part #	Model	Thread Size	A	B	C	D
906059	MF867	3/4"	1 1/32"	2 1/4"	1"	3 1/8"
